ANNUAL REPORT

OF THE

BOARD OF MISSIONS

OF THE

GENERAL ASSEMBLY

OF THE

PRESBYTERIAN CHURCH

IN THE

United States of America.

PRESENTED MAY, 1850.

PHILADELPHIA:

PUBLISHED BY THE BOARD.

WM. S. MARTIEN, PRINTER.

1850.

ANNUAL REPORT.

SINCE the meeting of the last General Assembly, two valued members of this Board, the Rev. SAMUEL MILLER, D.D., of Princeton, New Jersey, and the Rev. SYLVESTER SCOVEL, D.D., of South Hanover, Indiana, have finished their work on earth, and gone to their reward. Of Dr. Miller it may be truly said, for half a century and more, during his whole ministerial life, he was the active, devoted friend of Missions, both in this country and through the world.

Dr. Scovel was for more than ten years the devoted and successful agent of this Board in the West. He may be said to have first organized the churches in the West for successful effort in the cause of Domestic Missions, in connection with our own Board. His valuable services in this cause, through the whole West, will long be remembered with deep interest, and heartfelt gratitude.

Five of our missionaries also, *four* in the West, and *one* in New Jersey, have, during the year, ceased from their labours, and gone, we trust, to their rest. How solemn the admonition to us who are spared, "Be ye also ready, for in such an hour as ye think not, the Son of man cometh."

The year which has now closed, has not been without many and trying difficulties. But God's favour has been manifested, and the work committed to your Board has steadily and surely advanced.

In the statistical table which follows, is given in parallel columns the following items:

1. The names of missionaries in alphabetical order.
2. The names of congregations and missionary stations.
3. Dates of their commissions.
4. Months of labour performed.
5. Additions to the churches on examination.
6. Additions on certificate.

From the foregoing table it will be seen, that the whole number of ministers sustained or aided by the Board during the year, has been *five hundred and seventy*. Of this number, *three hundred and seventeen* were on our list at the commencement of the year, and *two hundred and fifty-three* have been added during the year. The number of feeble congregations aided and missionary stations supplied, as reported, is *fourteen hundred and sixty-one*.

These brethren have laboured in *twenty-five* of our States, exclusive of our Territories. In Minnesota the Board have one missionary, and expect soon to send more. *Three* of their missionaries are now in California, where a Presbytery has been organized. Many more are called for, and it is hoped will soon be in that important field.

The amount of labour performed exceeds *four hundred and twenty years*.

The greater portion of the ministers sustained or aided by the Board, have been pastors, or stated supplies, having charge of one or more churches. Many of them have extended their labours to several small churches or missionary stations, and a number have been strictly itinerants.

Four hundred and seven missionaries report additions to the churches on examination *two thousand one hundred and eighty-nine*, on certificate *eighteen hundred and fifty-five*—total, *four thousand and forty-four*. Had we full reports, the number would doubtless be not far from *five thousand*.

More than *sixty* new churches have been organized, and not less than *one hundred and forty* houses of worship have been erected. A large proportion of the churches organized have been in our new settlements, and are important additions to our list of churches.

The interest in Sabbath schools, and Biblical and catechetical instruction, has much increased. We are not able to give full and accurate statistics of such schools and classes. We are safe however in stating, that more than *forty thousand children and youth* are in this way, either by your missionaries or under their direction, receiving every week instruction from the fountain of truth.

Greatly increased attention has been paid to pastoral visitation, and family religious instruction, and with the most encouraging and precious results.

The monthly concert for prayer has been very generally observed; and, so far as has been practicable, weekly prayer meetings have been held, in many instances with marked interest and profit.

Your missionaries have engaged extensively and actively in the distribution of Bibles, and the circulation of religious books and tracts among the people. An incalculable amount of good, it is believed, has been accomplished in this way. The books and tracts of our own Board of Publication have been circulated. These publications are well suited to the wants of large portions of our missionary field; they are greatly needed, and are received with eagerness, and read with interest. The Board thankfully acknowledge

their indebtedness to the Board of Publication for the prompt and liberal grants of both books and tracts, which they have made for the use of your missionaries. And if the churches will enable that Board greatly to increase such donations to the missionaries, they will unquestionably do an important service to the cause of Christ.

In the cause of benevolence, your missionaries have taken an humble, but efficient part. These feeble churches, during the year, have contributed to the cause of Missions, Foreign and Domestic, not less than *ten thousand dollars*, and in proportion to their means, they have contributed liberally for other good objects.

In the observance of the Sabbath, we feel thankful in being able to state, that in a number of places, there has been very decided improvement, while in many other places occupied by your missionaries, there is an open disregard, and profanation of holy time, that calls for deep humiliation and much prayer.

Of the cause of temperance, we are not able to speak with certainty. In some portions of the great missionary field there is decided evidence of a sound, healthful advance of this cause; in others, intemperance prevails to an alarming degree. On the whole our hope is, the cause has made some progress.

With but very few exceptions, the attendance on religious worship, and the attention to preaching, has been decidedly good. There has been among the people, an evident increase of anxiety to have the stated means of grace, and a growing interest in gospel privileges. This is especially the case in our new settlements. The calls upon our missionaries for extra labour, have been much greater than they could meet. Through all our new settlements, there is an open door to ministers of the gospel, the people are literally hungering and thirsting for the bread and the water of life.

From the most reliable information, your Board can testify to the diligence and faithfulness of your missionaries. They have extended their labours to the full measure of their strength, yet they have been compelled, through the whole extent of our new settlements, to leave thousands around them without gospel privileges, and from all quarters the cry comes from the people, Send us some one to teach us the way of life.

From California, your Board have received the most cheering intelligence of the reception and labours of your Missionaries. The little band of brethren there, are doing a great and good work, and God has given them favour in the sight of the people. When we last heard, three Presbyterian churches had been formed, and a Presbytery had been organized. The way is fully open for sending a supply of ministers to that new, and important missionary field, and a large supply is called for, and should be sent without an hours delay. The people are anxious to have the institutions of the gospel, and are ready to sustain them. Thousands, and tens of thousands are on their way to that land. They need the gospel,

and must have it, cost what it may. This is the deeply settled conviction of your Board; and with God's help, it is their determination, as soon and as fast as suitable ministers can be obtained and the means of sending them be secured, no time shall be lost in having them sent.

In a new and sparsely settled country, the missionary work is always, and necessarily, attended with difficulties and trials. The missionary must be prepared for privations. He must expect to be required to labour hard, fare poorly, and suffer much from exposure, in the faithful performance of his arduous, and self-denying duties. And hinderances to the gospel are always found in the missionary's path. During the past year, many of your missionaries have been called to encounter difficulties of a peculiar kind, and have been subjected to trials not common in ordinary years. The prevalence of cholera, through our country generally, and especially on our western waters, has subjected a number of your missionaries to severe trials, and has seriously interfered with the progress, and success of their work. While the exciting news from California, and the thirst for gold, has had a most disastrous influence on the cause of religion, this influence has been seen and felt, to a greater or less extent, in all parts of our country. It has been especially felt in the West, the great missionary field. Whole communities have been thrown into ferment; societies and churches have been weakened, and in some instances completely broken up, by entire neighbourhoods emigrating to California. And the excitement produced on those who did not emigrate, unfitted them to hear the gospel with profit, or take much interest in spiritual things. The disastrous effects of these, and other opposing influences, can be fully appreciated only by those who have been called to contend with them. But amidst difficulties the most appalling, God's power has been manifested, and the work has steadily advanced. We have the most unequivocal evidence, that in no former year has this cause made more certain progress, nor laid so broad and firm a foundation for future, extensive, and permanent good, as during the past year.

The field of labour has been greatly enlarged; the number of labourers has been increased, and God has, and is now, in a special manner, blessing the labours of your missionaries. The cause of truth has decidedly advanced, and in all portions of this great field, there is increased anxiety among the people to have preached to them a pure gospel. In our mission churches generally, with very few exceptions, the prospect for usefulness is encouraging. In a large number of them, there is deep and general seriousness; and in a goodly number, God is at this time pouring out his Spirit, and reviving his work. The Lord is evidently calling upon us, as a Church, to pray more fervently, give more freely and largely, and labour more diligently in this great, and good work.

Making a total amount of funds in the several Treasuries of the Board, of \$79,049 10. This is exclusive of what has been received, and disbursed for this object by several Presbyteries; and also of some funds in the hands of some of the Presbyteries, which have been included in former reports, but not in this. Were the whole included, as in former reports, the sum total would exceed \$90,000.

The amount paid out, as reported by our several Treasurers, is \$72,349 13, leaving a balance at the close of the year of \$6,699 13. Of this, however, \$1,220 45 had been drawn before the year closed, making the actual balance at the close of the year, \$5,478 68.

In addition to the funds reported, the Board has received for the use of your missionaries, much valuable clothing. The clothing received, at a moderate estimate, has been worth from *eight to ten thousand dollars*. This forms no part of what is pledged by the Board to the missionaries, but is distributed gratuitously, to such missionaries, and their families, as are most in need. These donations from our excellent females, are of great value, as tokens of their interest in this cause, and they have ministered essentially to the comfort of your missionaries, have cheered their hearts, and greatly encouraged them in their work. The whole amount of donations and funds for this cause, which have gone through the Board, including clothing, and funds for building church edifices, exceed \$100,000.

The funds received for Domestic Missions the past year, have been, in a larger proportion than usual *from the churches*. With the exception of two legacies in Kentucky, paid into the Treasury at Louisville, very little has been received from bequests, and a less amount has been received from individual donations than in some former years. It is also worthy of notice here, that the churches which have been visited by an agent, with scarcely an exception,

have *increased their contributions*—in some instances, the increase has been more than fifty per cent., while, with very few exceptions, the churches that have not been visited, have either remained stationary, or have declined. And a considerable number have failed to make any collection.

During the past year, in the providence of God, there have been a number of circumstances which have seriously interfered with the regular collection of funds. Great and peculiar difficulties have been in the way; and the favourable result, notwithstanding these unpropitious circumstances, shows a deep and growing interest in the cause, and calls for devout thankfulness to the giver of all good.

The year upon which we now enter, will of necessity call for a large increase in the funds of the Board. The engagements already made, are largely in advance of any former period. And to meet the pressing wants of this growing country, will require *immediately*, many more missionaries, and a number of additional, expensive missions. California needs *now*, at the lowest calculation, *ten* additional missionaries. The brethren there, tell us the cause requires at once a sufficient number to form a Synod. Oregon has strong claims, and calls for an immediate supply. A Presbyterian Mission should be established without delay, at Santa Fe. Texas is calling loudly for more good men, and for larger appropriations for their support. Minnesota should have more than one missionary, at once. Wisconsin, and Iowa, and the settlements on our whole extensive frontier, call loudly for an increase in our ministerial force. These, and other missions, which are demanded immediately, will necessarily be expensive, and, for a time, must be dependent on the Board for their support. Will the churches enable their Board to meet these loud and pressing calls? Will they sustain the Board in prompt and decided efforts to meet them? They must be met, *and met this year*, or many souls in this land will go to judgment without an opportunity of hearing of Christ, and salvation through him. Can the churches hesitate, at this important crisis, to come up in their strength to this great work? We do hope they will wake up to their duty in this matter, and in faithfulness to our trust, we must say to our pastors and people, if you would meet at all, your responsibility in regard to the pressing wants of this land, your efforts in this cause must be on a much larger scale than they have ever yet been.

AGENCIES.

The *Rev. R. Happersett* has continued, during the year, the only agent the Board have employed, in the whole field east of the Allegheny mountains. In discharging the duties of his agency his travels have extended from Lake Erie to Florida. In addition to visiting as many of the churches as he could, he has corresponded extensively, and in that way has essentially aided the cause. This

brother has been indefatigable in his labours. He has preached the gospel to many thousands in our cities and towns, and through the country. God, we have reason to believe, has owned his labours, and made him the instrument of good to souls, and has eminently prospered his efforts in the cause of Missions.

For a more full account of his Agency, see his report in the Appendix.

The *Rev. Joseph Smith, D. D.* has been continued the agent for this cause in the Synods of Pittsburgh, Wheeling, and Ohio. He has devoted his whole time and strength to his important work, has travelled extensively, preached much, and laboured abundantly. He has everywhere been most cordially received, and there is cheering evidence that his labours have been owned of God, and abundantly blessed.

For a more full account of his Agency, see his report in the Appendix.

In the West and South-West, the Committee at Louisville report, "That during the year, the *Rev. Charles Sturdevant* has been employed the whole time as an agent, with untiring zeal and energy, and his labours have been crowned with gratifying success."

See his report in the Appendix.

The Committee add,

"The *Rev. Jephtha Harrison, D. D.* has been labouring in the South-West since the 6th of December, but owing to the inclemency of the weather, the almost impassable condition of the roads in that region, and other causes, his labours have not yielded as rich results as we had hoped. As these difficulties have now, to a considerable extent, passed away, we may look for greater results in the portion of the field to be passed over by him."

During the larger portion of the year, the Western Committee were unable to obtain the services of more than one agent, in that large and important field. And during the whole year, in the West more especially, and to a certain extent, through our whole field, unusual difficulties have attended the collection of funds. On this subject, the Committee at Louisville say, "During the summer, the prevalence of the pestilence throughout a large portion of our field, rendered it almost impossible to do any thing in the collection of funds, and since the winter set in, not more than half a dozen pleasant Sabbaths have been enjoyed; so that our agents have met with peculiar difficulties in the prosecution of their self-denying work."

The work of an agent is a most labourious, self-denying work; and the minister who is competent to this work, and devotes himself to it, has strong claims on the sympathies, the prayers, and the unwavering support of the friends of Christ, and his cause. It is now we believe generally conceded, that to secure the efficient, and continued action of our churches in the work of benevolence, a wise and energetic agency is not only important, but absolutely necessary. And while other institutions, which have no connexion

with the Presbyterian Church, are constantly sending their agents into our churches, it is certainly important our own Boards should not be without agents to visit them. The strengthening of our agencies, it is believed, is of vast importance to the cause.

CHURCH EXTENSION.

During the year the Church Extension Committee have made appropriations to aid *sixty-one* congregations, in building, or finishing houses of worship, and *nine* additional congregations have been assisted, in the payment of church debts; making a total of *seventy* congregations that have received aid.

The whole amount of funds received for this object during the year has been

From individual donors,	\$6,606.75
Collections in churches,	2,026.83

Total,	\$8,633.58
--------	------------

This sum includes \$933, given specifically for church edifices to be sent to California, and which has been so appropriated and paid.

The whole amount of appropriations, during the year, including \$1500 towards a church edifice for San Francisco, California, has been \$11,210. In addition to this, the Committee have sent a church edifice to Benicia, California, which cost, including fixtures and insurance, \$2,422.20, making the whole amount of appropriations during the year, \$13,632.20.

Including the buildings for California, the Committee have paid out during the year, \$12,763.95.

The whole amount of appropriations made, and yet unpaid, is \$11,134.70.

The whole amount of funds in hand, is \$4,454.66, leaving a balance of appropriations made, and yet unpaid, exceeding the whole amount of funds in hand, \$6,680.

All the appropriations of the Committee are made on specified conditions, and are not paid, until they have good evidence that these conditions are met by the congregations receiving aid; this will explain how it occurs, that so large an amount of appropriations made, are yet unpaid. The conditions have not yet been fully met. Whenever these conditions are met, the Committee pay promptly. The appropriations made, may therefore be called for at any moment, and demands for payment come upon your Committee much beyond their present means of meeting.

Urged by the pressing necessities of feeble congregations, and the strong recommendations of Presbyteries, and confidently relying on the pledged faith of the churches, your Committee have ventured to make appropriations beyond the means in hand. In doing so, they have acted under a strong conviction of duty; whether they have acted discreetly in so doing, must be left for the churches to

decide, whose servants they are. It must however be evident to every reflecting mind, that they cannot continue to make appropriations, unless the churches do more for this object.

Every years experience strengthens the conviction, that this is an enterprise of vast importance, and most intimately connected with the prosperity and progress of the missionary work. Under this conviction, and with an anxious desire to meet the increasing calls for aid, your Board have made efforts during the year to obtain an efficient agent to collect funds for Church Extension. In this they have not yet succeeded. They have also addressed a circular letter on the subject to a large number of our pastors and churches, asking for a collection, but hitherto, they regret to say, with but small results. Answers have been received from a number of pastors, expressing in strong terms their conviction of the importance of the object, but in most cases, offering excuses for not making a collection.

The Board have so repeatedly urged the importance of this object on the Assembly and the churches, that they can only reaffirm in this report what they have before said, and respectfully add—Unless the churches evince a much deeper and more general interest in this enterprise, it cannot be prosecuted with the efficiency demanded by the pressing wants of the great missionary field. The Board again commend this subject to the special attention of the General Assembly.

CONCLUSION.

From the brief review we have taken of the operations of the past year, and some of the more immediate results, we are authorized to come to the cheering conclusion, that God has continued to bless and prosper this work. Compared with the last year, or any former year, notwithstanding the difficulties which have been in the way, there has been decided and most encouraging progress. We are permitted to close the year with the *largest number*, and, we may add, the *most efficient body* of missionaries the Church has ever had. All the accounts of the Board are settled up, and paid to the end of the year, and a favourable balance is left with which to commence another year. With a healthful and vigorous state of the cause, with the feelings and confidence of the churches strongly in its favour; and, above all, with the smiles of our redeeming God, and the gracious influences of his Spirit on many of our mission churches, surely the churches are called upon to render special thanks to God, and prepare for new and greater efforts.

The past history of the missionary operations of our Church, and the agency these operations have had in lengthening the cords and strengthening the stakes of our Zion, would furnish a chapter deeply interesting, and full of instruction. No Christian Church can expect to prosper without a missionary spirit, and that spirit acted

out in efforts to spread the gospel. The spirit of missions, which is only another name for the Spirit of Christ and his religion, is the life of the Church—its great conservative, as well as the only principle of its enlargement. This has been strikingly exemplified in the history of our own Church. Feeble and partial as has been the missionary spirit in our Church, compared with what it should have been, under God, it has mainly contributed to our enlargement and present strength.

In entering on another year of service in this cause, at such a time as the present, it becomes the Church to consider well the work she has to do, and to come up to the doing of this work with her whole strength. The work of Domestic Missions in this country contemplates several objects, each of vast importance, and all, as having a direct bearing on the interests and progress of Christ's kingdom, having strong claims on the prayers and liberality of God's people.

Pastoral Sustentation is a department in our Domestic Missions. The object of this is, to aid new and feeble churches in sustaining a stated ministry. This is a part of our work of no small importance. It is unquestionably the plain duty of the Church, so far as there is ability, to see that her ministers, who are labouring diligently in her service, are not left to suffer for want of a reasonable and moderate support; and it is certainly the part of wisdom to use all proper measures for securing and strengthening what has already been gained. In this country, provision to aid in the sustentation of pastors, is a matter of *pressing necessity*. In very many places where churches have been organized, and where a stated ministry is of essential importance, it cannot be sustained without aid, and such are the changes constantly taking place in all parts of our country, such is the migratory spirit of the people, that to maintain a stated ministry in the churches we have, is a work of constantly increasing magnitude, requiring large and constantly augmenting resources. If our churches would discharge fully their duty in regard to this matter, their contributions for Domestic Missions must be largely increased.

There is also, in the work of Domestic Missions in this country, what may with some propriety be termed a *foreign department*, which demands the serious and prayerful attention of the churches. The number of foreigners now in this country is very great, and this number is constantly and rapidly increasing. We have, as our own citizens, the representatives of almost all civilized nations. The nations are brought to our doors, and Domestic Missions have become almost literally, *missions for the world*. This is an interesting, and most important fact. God is sending to us the nations; and what is our plain duty in regard to this foreign population? Doubtless our duty is, so far as we can, to meet them with the gospel, and seek to bring them under a sanctifying and saving influence. This subject has been brought prominently before your Board, and

they view it as of unspeakable importance. The great difficulty in the way of operating among our foreign population, is the want of suitable men to preach the gospel to them in their own language. What provision shall be made? what plan adopted to meet the exigency? The subject is commended to the serious attention of the Assembly.

In the state of population in this country, an intelligent, *active itineracy*, to a certain extent, is absolutely necessary. Many large sections in our older States, can hope for even a partial supply of gospel privileges, only in this way; while in our new States and territories, to meet in any measure the wants of the people, most of our missionaries must perform less or more itinerant labour.

And *new and very extensive fields are to be occupied*. This is doubtless the great work committed to your Board; to extend the boundaries of the Church, keep pace with our constantly moving population, take possession of new and important points, and have the gospel preached to the millions in this land, who are perishing for lack of knowledge.

Such in brief is the work to be done, and which the Church is imperatively called upon to *have done* without delay. And it is very important we should not overlook the fact, that the constant growth of this work makes a call upon our churches for constantly increasing prayer and effort. The work of Domestic Missions, is at this time, a very different work from what it was even a few years since. Your field of operation has nearly quadrupled within the last few years. The number of your missionaries has more than doubled, while, with all the efforts made by all evangelical denominations, the destitutions have fearfully increased. The call for men to preach the gospel is much louder and more pressing now, than it has ever before been: and every man, authorized by the Church to preach the gospel, and qualified for the work, should be in the field, and be sustained. The interests of souls, and the commands of the Saviour, imperatively require it. And the Church is verily guilty, and will be charged with the blood of souls, if at such a time as the present she suffers any of her ministers, competent to labour, to remain unemployed; and especially guilty will she be, if her ministers, for want of a bare support, are compelled to engage in other employments. And it should not be forgotten that the average expense of your missionaries has largely increased. This is the necessary result of the numerous distant and expensive missions which the Board now have. Not only has the *number* of your missionaries more than doubled, the average expense of each has been greatly increased. It must then be plain to every reflecting mind, that to meet the increasing demands of this country, a large increase in the resources of the Board will be indispensable.

The time has come, when no minister, no church, no friend to Christ and his cause, can hold back from this work, without guilt. Excuses for neglect will not answer. The Lord knoweth, and the

day will disclose the utter fallacy of such excuses. *This work is ours.* God has laid it upon us, and will certainly hold us to a strict accountability for our faithfulness to the important trust. The resources of the Church are ample to meet all that is required. If God's ministers and people are but sensible of their high privilege, and will do their plain duty in this matter, there will be no lack of men or means. Let the churches but wake up to their high privilege, and holy responsibility: let the minds and the hearts of ministers and people be but absorbingly fixed on the great end of their Christian calling, the glory of Christ, and the extension of his kingdom, and soon, the windows of heaven would be opened: the Spirit of God would be poured out; our sons and our daughters would be gathered into the fold of Christ; a host of godly ministers with a true missionary spirit would be raised up; the hearts of the people would be opened, to pray earnestly, and to give willingly, and largely, to the treasury of the Lord; and this great country, beautiful for situation, and abounding with all that can minister to our comfort here, would soon become a blessing to our world, the joy of the whole earth.

The Board have only to add, that the term of service of the following members expires during the meeting of this Assembly.

APPENDIX.

ANNUAL REPORT OF THE WESTERN EXECUTIVE COMMITTEE TO THE BOARD OF MISSIONS.

MISSIONARY ROOMS, *Louisville, May 1, 1850.*

DEAR BRETHREN—In presenting another annual report, we would express our gratitude to the great Head of the Church that our entire Committee has been spared amid the ravages of disease and death during the past year. In the prosecution of our labours we have had to contend with peculiar difficulties.

During the summer, the prevalence of the pestilence throughout a large portion of our field, rendered it almost impossible to do any thing in the collection of funds, and since the winter set in, not more than half a dozen pleasant Sabbaths have been enjoyed; so that our Agents have met with peculiar difficulties in the prosecution of their self-denying labours. The Agents of almost all the other benevolent associations in this part of the country make sad complaints of the decline of funds contributed to their objects, from these causes. We are happy, however, in reporting, that notwithstanding the operation of these hindrances, there has been a gradual and healthful increase during the year, both in men, and in money to support them, within the bounds of our field.

In comparing our labours with those of the preceding year, we find that there have been twenty more missionaries commissioned than there were during the preceding twelve months, and that there are seventeen more now in commission than there were on the 1st of May, 1849. Though our treasury has received nothing from Nashville, New Orleans, and St. Louis, three of the principal cities in our bounds, owing to the fact that the Agent has not yet reached one of them (Nashville,) and the other two are making vigorous efforts for church extension at home; some of which are of such a character that they cannot well be included in our mode of action: yet we have received into our treasury during the year the sum of \$19,294.10, which is an increase of \$3,363.56 over the sum received last year, though the very liberal contributions from the cities above named were included last year, and nothing has been received from them this. These facts show that the cause is gradually gaining a hold upon the affections of the churches, which leads them to an increased liberality in sustaining the operations of the Board.

In comparing the present operations of the Board with what they were within our field five years since, we find that they have almost doubled within that time.

During the present year we have received two valuable legacies, amounting in the aggregate to five thousand dollars; last year we received only two thousand dollars from this source. We are pleased to announce that we find a growing disposition on the part of Christians to remember our operations in making their bequests; and we may hope that our resources from this quarter will be increased in time to come.

During the year, Rev. Charles Sturdevant has been employed the whole time as an Agent with untiring zeal and energy, and his labours have been crowned with gratifying success.

Rev. Dr. Jephtha Harrison has been labouring in the South-West since the 6th of December, but owing to the inclemency of the weather, the almost impassable condition of the roads in that region, and other causes, his labours had not yielded as rich results as we had hoped. As these difficulties have now to a considerable extent passed away, we may look for greater results in that portion of the field yet to be passed over by him.

We have directed these brethren to make their annual reports to your body, and to them we refer you for further information as to their labours.

For the trials, labours, and successes of the devoted band of missionaries commissioned by us, and labouring under our direction, we refer you to the reports forwarded by them

to your Office. So far as we have been able to gather from their reports to us, notwithstanding the peculiar difficulties of the past winter, already alluded to, there has been an unusual number of revivals of religion within the bounds of their fields, and larger numbers have been by them gathered into the Church than during any former year since our connection with the Board.

Praying that the great Head of the Church may continue to smile upon your labours, and vouchsafe to you the guidance of that heavenly wisdom which is profitable to direct, in the prosecution of the mighty enterprise in which we are engaged, we are,

Yours truly,

W. W. HILL, *Secretary.*

ACTION OF THE GENERAL ASSEMBLY OF 1850.

Rev. Mr. Greenleaf read the Report of the Committee on the Report of the Board of Domestic Missions, which was as follows:

The Committee to whom was referred the Report of the Board of Missions have attended to that service, and have examined the document presented, with all the accompanying papers, and are highly gratified to find, in the details, ample evidence of the steady onward progress of this very important instrumentality for advancing the cause of true religion throughout the wide extent of this growing country; and while they do not institute any improper comparison between one form of benevolent operation and another, but would bid them all God speed, yet they cannot refrain from saying that the cause of missions in our own land is productive of great good, and ought to find a response in every heart. After such consideration as we have been enabled to give the subject, your Committee would respectfully submit to the Assembly, for their action, the following resolutions:

1. *Resolved*, That the report be adopted and published under the direction of the Board.
2. *Resolved*, That, in view of the widely extending operations of the Board, and the constantly increasing need of funds, it be earnestly recommended to all the churches to make new and strenuous efforts to enlarge their pecuniary contributions, in aid of all the objects contemplated by the Board; a duty we are greatly encouraged to press upon the churches, from the fact stated in the report, that during the past year much more has been received into the Treasury from *church collections* than in former years.
3. *Resolved*, That the wants of California, Oregon, and other new parts of our wide spread territory, as brought before us in the report of the Board, joined with the good we have reason to believe may be effected in those portions of the country, are such as to demand the special regard of our Church, and fully justify the Board in the large expenditures which they have thought it proper to make.
4. *Resolved*, That the efforts of the Board of Missions to benefit the many thousands of foreign population who are cast upon our shores, is worthy of all praise, and should be commended to the churches for their countenance and support.
5. *Resolved*, That, in looking at the results of the labours of the year, and considering that *five hundred* ministers have been sustained, either in whole or in part, while preaching the gospel in the more destitute parts of our land: that *sixty* new churches have been organized, more than *one hundred and forty* houses of worship built, and at least *two thousand five hundred* persons brought into the churches by profession, a large portion of whom, we have reason to believe, were hopefully converted during the year, together with the encouragement felt by our missionaries while labouring among the coloured population at the South: when these results are considered, surely the people of God should lift up their hearts in gratitude to him, and take courage for all coming time.

And whereas, It is understood that Dr. William A. McDowell, who has for many years filled the office of Corresponding Secretary of the Board of Missions, has resigned that office, the Assembly cannot let this opportunity pass without bearing their testimony to the fidelity, diligence, and wisdom, with which he has conducted the affairs of the Board, and assure him that he carries with him into his retirement, the full confidence of this Assembly in him, as well as their prayers for his happiness in his declining years.

It is proper, in conclusion, to remind the Assembly of a standing rule to provide for the

delivery of a sermon on domestic missions at some time during the sessions of the Assembly next year.

Remarks of Mr. White.

Rev. W. S. White said he wished to make a statement or two. He considered domestic missions the great work of our Church, though he designed no invidious comparisons between our various objects of benevolence. The spirit of them all is the same. The *foreign* work depends upon the *home*, to raise up men to supply its demands. A Church that has no home missionaries, will rarely have foreign missionaries. It must also supply the funds. He thought the South, in the cry of "the West! the West!" had been overlooked. He here went into a description of that portion of the field, and its prospects of usefulness.

Remarks of Dr. Baker.

Dr. Baker said he had been requested to make a speech, but he did not know how, as preaching was his business, not speech-making. He would, however, give some facts about Texas, which, he remarked, presented a magnificent field of labour. It has ample territory to make five or six such states as the Old Dominion, or Pennsylvania; a fine climate. He thought it had been overlooked. He went into a deeply interesting history of his labours there. One year ago they were greatly discouraged, and spoke of giving up the State. More than half their ministers were over fifty years of age, or tied down to schools or farms. Now they have enough to form a Synod, there being eleven ministers in the State not yet connected with the Presbytery. Dr. Baker argued that the Assembly ought to send out her ablest and most talented ministers to that field. The population there is very intelligent and enterprising. It requires more labour and skill to build a house, than to hold it up after it is built. There is a strong desire to receive our ministers. He hoped those who are hanging about our cities would remember Texas. He had a list of all the destitutions there, and would be glad to show it to any one desirous to go there. It would raise any man in his estimation, who would express his desire to go there. They had no "feathered nests" to attract those who loved their ease. He therefore wished to shake hands with any man who is going there. Dr. Baker said he considered the valley of the Rio Grande the best missionary field in the world. There are twenty thousand Mexicans on our side of that river. The last war had made a powerful impression of our superiority, and they attribute it in large part to our religion and form of government. He gave an account of his visit, and of the great interest manifested by them in his visit. He said that Texas was on the borders of Mexico, the boundaries of the Man of Sin. There was a great crevasse into that country, and he hoped the Presbyterian Church would pour gospel light and knowledge through it into that dark land. Dr. Baker's remarks created great interest, and were listened to with fixed attention by the members of the Assembly.

REPORT OF THE REV. R. HAPPERSETT.

MY DEAR BROTHER—The *sixth* year of my connection with the Board of Missions has just closed, and I send you below a very brief report. In no formal or unfeeling manner would I record the kind providence which has extended to me protecting care in all my wanderings and manifold dangers, and so graciously smiled upon my feeble efforts to advance this glorious cause.

My whole time has been given to the work. The field of my labours, and the work performed, was precisely similar to that of former years. This field embraces a vast territory of the most densely populated portion of our whole country; extending from the northern Lakes to the southern Gulf, including the whole Atlantic coast, and as far west

as the Allegheny Mountains—a field over which no one man can do more than extend a general supervision. A large portion of this whole field has been visited during the past year, and by the assistance of some excellent brethren we have succeeded, without any additional expense to the Board, in bringing this cause prominently before a very large number of our churches, and in securing the co-operation of some churches that never before contributed to this cause. In order, however, to compass this whole field, and wake up many pastors and churches now comparatively asleep, it will be necessary to have additional force in this work. Whether this result can best be secured by a permanent additional agent, or by temporary assistants in different portions of the field, is a question for the Board to decide.

The success of the past year, notwithstanding the alarming and almost universal prevalence of the cholera, has been very encouraging. In many instances the increase of funds was very large. It will be seen by reference to the churches which I have visited during the last two years, that the aggregate increase this year over that of the last, is about *thirty-seven* per cent. This exhibits *substantially* the growing interest in this cause, and gives encouragement for the future.

There are two or three things, in the prosecution of this work, which at this particular time seem to demand the special attention of the Board, and which I beg leave respectfully to notice.

1st. The necessity of a more full exploration of the whole field, in order to ascertain definitely the importance and wants of particular portions of this field, and to provide immediately, as far as possible, for each particular case.

2d. The importance of securing, if possible, a more liberal support to the faithful and laborious missionaries under the care of the Board, even if it should be at the decrease of the number of men in the field; to select important points, and then sustain well our best men there, until these churches are able to sustain themselves.

3d. To secure, if possible, a large increase of labourers among the foreign population in this country, and thus not only gather the Protestants among them, and mould them into our doctrines and order, but also indirectly, and as I believe most effectually, (by the distribution of books and tracts, &c.) bring the influences of the gospel to bear upon the Roman Catholics in our midst. Our Boards happily embody every element for the successful prosecution of the whole work of Christian benevolence, whether at home or abroad. Our churches need not look to other societies to carry out any cherished object for them. The Board of Domestic Missions is emphatically an orthodox *Protestant Association*, fully competent, and already successfully engaged in this great work. All we need is more good, sound men, and more means to support them in their arduous labours. For these strangers in a strange land we would labour and pray.

In my former reports I have frequently alluded to the immense field God has opened to us in this country, and to the unspeakable importance of its moral and religious cultivation. This field is not less important now. On the contrary, every year more than a *half million* of souls are added to our population. Immense fields are open and opening to us; and the cry of perishing souls for the word of life is constantly falling upon our ears. It is indeed a sad reflection, that the efforts of all evangelical societies in this country are not keeping pace with the rapid and constantly increasing demand. The people of God, however, are in a measure waking up to the importance of this subject. It is now certainly the increasing impression, if not the settled conviction of our Church in this country, that the work of Home Evangelization is among the first, if not the very first of benevolent efforts to every American Christian; and that it should and must receive in the future a large share of their Christian sympathies and benevolent efforts. In no other department of the operations of our Church during the ten years last past, has there been such a marked change of feeling, and of growing interest; and should there be a corresponding increase of favour and effort for the next ten years, with an earnest looking for, and humble reliance upon the blessing of God, we may confidently expect that many a wilderness and solitary place will be made glad, and many a desert rejoice, and blossom as the rose.

Very truly yours,

R. HAFPERSETT.

May, 1850.

CENTRAL AGENCY.—REPORT OF REV. JOSEPH SMITH, D. D.

ALLEGHENY CITY, Pa., April, 1850.

In making this annual report to the Board, it becomes me, in the outset, to record with fervent gratitude the great and unmerited goodness of God, in sustaining the health of myself and family, so that I have been permitted to devote another entire year to the service of the Board. That service has been expended widely over the three Synods assigned to me as my appropriate field. Though there has been no lack of kind reception and hearty co-operation, some falling off in the contributions, especially during the earlier part of the year, has been observed. This can be satisfactorily traced to other causes, rather than a diminished interest in the work of Domestic Missions. Your agent has taken much pains to make himself and the people acquainted with the most remarkable facts bearing upon this important cause. The necessity for the diffusion of evangelical religion throughout our land, in order to the perpetuity and welfare of our great republic, and in order to the accomplishment of its mission among the nations of the earth, has not been overlooked. The vast extent of the inviting fields for missionary enterprise, and the facilities afforded for immediate operation, have been held forth prominently to view. The great duty, privilege, and honour of evangelical effort in concert with the Church, as involved in church membership, have been often stated, proved, and illustrated. The special duty binding upon our American Zion at this time, of directing her prayers and efforts in behalf of our own country, has been a continual theme. The cheering indications of the Divine blessing upon this great enterprise have been constantly set before the people. The Lord has been manifestly beckoning on his people to the noblest work ever committed to a Church. We shall be recreant to our high calling, deaf to the voice of God's providence, and the earnest pleadings of our countrymen famishing for the bread of life, and callous to the highest interests of our entire race, if we falter now in the arduous struggle to save our country from the overflowings of infidelity, popery, and various popular delusions, and to render this land the light and glory of all the earth. In view of the manifest tokens now afforded, in various parts of our beloved Church, that the set time to favour Zion is just at hand, may we not hope that the ensuing year will be the *annus mirabilis*, the year of great rejoicing in heaven and on earth, over multitudes of returning sinners, and over the building up of all the waste places of Zion? I cannot but congratulate the Board, especially, in view of their recent intelligence from Texas and California. May it be but an earnest of still more glorious news from every part of the West and South-West! and may the entire coming year be "the year of recompenses for the controversy of Zion," when "the wilderness and the solitary places shall be glad for them, and the desert shall rejoice and blossom as the rose!"

Your brother in the gospel,

JOSEPH SMITH.

REPORT OF THE REV. C. STURDEVANT, OF THE WESTERN AGENCY.

NEW ALBANY, Indiana, May 1, 1850.

REV. AND DEAR BROTHER—Another year has closed, and all its thrilling incidents and important events have gone forth to produce their effect on earth, and to be reported before the General Assembly and Church of the first-born on high. With the solemn impression that we live in a most eventful day—that we labour in a country whose influence must go far to decide the destinies of our world—that we act for a cause whose only object is the extension of God's appointed means for enlightening, elevating, and saving men, and that what we do here must be done quickly; with this impression burdening the mind, I could wish I had been able to accomplish more, far more than I have, for the great interest committed to my hands. While, however, I have not accomplished all that these considerations would prompt me to desire, yet, with the shield of the Lord over my head, and his blessing following my efforts, I have accomplished more than I had any just right, under the circumstances, to expect.

Never have I been more perplexed to know the path of duty. It will long be remembered, that during the first half of our ecclesiastical year, the cholera was, almost every-

where, committing its fearful ravages. Alarm and consternation filled the public mind; whole communities were scattered; business of every kind was arrested; even the house of God was, to a great extent, forsaken; and the whole land sat in sadness, and was clothed with mourning. The fountains which had hitherto poured forth supplies to our Board were dried up, and our suffering missionaries looked, apparently in vain, to us for help. Under these circumstances what could be done? No agent, however reckless of life or health, could effect much. Still, I could not find it in my heart to lie inactive. Committing myself and my dear family to the care of Him who can protect from the plague, I went forth, and for more than four months lived and acted in the midst of this fearful disease. Scores of times were its premonitory symptoms upon me; but God in mercy arrested their progress, and ultimately delivered me from its power.

This state of things crowded our whole business into the last half of the year. That half was a period of almost unparalleled inclemency. In the West, from early in November till late in February, we were favoured with but one smiling Sabbath. Still, storms and mud can be braved: they are not so intolerable as hunger and nakedness. And as the latter must be endured by our missionaries, or the former encountered by myself, I did not find it difficult to determine the path of duty. Under the promptings of an empty treasury, and a suffering host dependent upon my efforts, I went forth and submitted to trials such as I have never encountered before, and passed four entire months without spending one Sabbath at home.

During the year, I have written and sent out at least one thousand letters and circulars; I have travelled extensively; have brought the claims of our Board, in some form, before all the important churches in my extensive field, and have put forth every influence of which I was capable, to promote the interests of our great and growing cause. To these efforts the Lord has been pleased to add his blessing. Notwithstanding nothing has been received from New Orleans, from Nashville, or from St. Louis—points from which hitherto large amounts have been derived—notwithstanding only very imperfect reports and meager returns have, as yet, been received from the entire South, except from the Presbytery of Mississippi, we are enabled this year to report near four thousand dollars more collected in the West than it has been our privilege to report in any former year. For this prosperity we would desire to feel most devoutly thankful to God, who has given the heart of liberality, and to whom we would award all the glory.

In conclusion allow me to say, the work of Domestic Missions in this country has become immeasurably important. In retiring from the responsible and perplexing office which you have so long and so ably filled, you may enjoy the grateful consciousness of having, under God, given by your wisdom, patience, and unremitting exertion, prominence to a cause which has become the strong support of our republican institutions, and the great controlling instrumentality for the establishment of the Redeemer's kingdom in our land. You retire, dear Sir, with the gratitude of God's people following you, and with their prayers that your last days may be as quiet and happy as your first have been active and useful. May God in his abundant mercy soon afford us another presiding officer whose activity of intellect and devotion of heart shall conduct as wisely and as successfully as you have done, those interests which you now resign. Very truly your brother,

C. STURDEVANT.

SOUTH-WESTERN AGENCY.—REPORT OF REV. JEPHTHA HARRISON, D. D.

REV. AND DEAR BROTHER—Five months of my agency for our noble Board of Domestic Missions have just closed, and I now present the following report:

The field assigned me is one not only very extensive, embracing the States of Tennessee, Alabama, Mississippi, Louisiana, and Arkansas, but one which has been but partially visited by any of your agents. Being, therefore, in many of its aspects new and unfaltered, it has not yielded that increase to the funds of our Board which a continued and faithful cultivation would most assuredly produce. I rejoice to say, that all the churches which I have been enabled to visit in the States of Alabama, Mississippi, and Tennessee, received me most cordially, contributed very cheerfully to the cause of missions, and affec-

tionately invited me to visit them again, with the assurance that their contributions should be much enlarged during the next year.

I was rejoiced to find, that wherever I presented the cause of our Board, it enlisted the feelings not only of Christians, but the community generally in its behalf, and they are beginning to credit this very important and highly interesting truth, that *Domestic Missions* are verily the *right arm* of the Church in its aggressive efforts upon the kingdom of darkness and error in our beloved land.

Owing to the unprecedented continuance of heavy rains, swollen streams, and bad roads, I have not been able to visit only those churches which are accessible by navigation, until the last few weeks; but have written many letters to pastors and congregations on the cause of missions, and trust their reports to their respective Presbyteries will show in the aggregate, that they have in some good degree, responded to the affectionate appeals made to them for the furtherance of the noble enterprise, in which our beloved Church is so industriously engaged, and for which so many ardent prayers are daily offered to God that he would most richly bless.

Through his kind providence I have been preserved in the midst of great danger by land and by water; and been enabled to present the interesting subject of missions to some churches on every Sabbath during my agency, except two or three; and I trust, dear brother, that the next ecclesiastical year will afford throughout this extensive field, (should there be a united effort of all the Presbyteries,) a most cheering testimony that their alms and their prayers will be far greater and more ardent than ever before; and come up as a memorial before God.

The whole South-west is a very interesting and encouraging field for missionary efforts; not only are many very interesting churches now vacant, but "much land remains yet to be possessed." Could, therefore, our young and efficient brethren, be induced to labour as evangelists and stated supplies in this part of our beloved Zion, the many waste places would soon (with God's blessing) blossom as the rose; and myriads, in the great day of eternity, rise up and call him blessed.

That our covenant-keeping God may most richly bless the efforts of the Domestic and all our interesting Boards, is the earnest prayer of your affectionate brother in the bonds of the gospel,

JEPHTHA HARRISON.

BOARD OF MISSIONS.

Organization.—Executive Committee.—Mode of transacting business.

For the information of the churches, we publish here a brief sketch of the present organization of the Board of Missions, and of the manner in which they transact their business. It may be interesting to many to know in what manner the Board discharge the duties of their important trust. And under a deep sense of their responsibility, and in view of the greatness of the work committed to them, and its unspeakable importance to the souls of men, the Board would most earnestly request of the churches a special interest in their prayers, that God would direct them in all their plans and operations; that he would bless the missionaries employed, and prosper his own cause. "Except the Lord build the house, they labour in vain who build."

The *Board of Missions*, according to its present organization, consists of *ninety-six* members. Of these, *sixty* are ministers, and *thirty-six* are laymen. One-fourth of this number, viz. *fifteen* ministers, and *nine* laymen are elected annually by the General Assembly. The members are elected for four years, and so arranged in classes, that one-fourth of the whole go out each year. The election is by ballot, after a previous nomination. Any member of the Assembly has the right to nominate the whole number to be elected. The Board appoint their own President and Recording Secretary, which is usually done at the first meeting after the new members are elected. They also elect annually the Corresponding Secretary, and Treasurer, and appoint an Executive Committee. To this Committee the business is principally confided. In May, 1845, the General Assembly directed the Board to appoint an Executive Committee for the West,

to be located at Louisville, Ky., and to have the superintendence of the Missionary operations in the Western and South-western States. This Committee, within the limits assigned them, have the same powers as the Committee at the office. Both committees are under the direction, and subject to the control of the Board.

Executive Committee at the Office of the Board.

The Executive Committee of the Board of Missions consists of *nine* members, *four* ministers and *five* laymen. The Committee appoint their own Chairman and Recording Secretary, who hold their office for one year. The Committee meet *weekly* for the transaction of business, on *Monday afternoon, at half-past three o'clock*, at the Missionary Office, No. 265 Chestnut street, Philadelphia. All communications on the subject of Missions are submitted to the Committee, and disposed of as they direct. This Committee make all Missionary appointments, and no drafts are made on the treasury but by their authority. During their meetings, as far as is practicable, all conversation is avoided, except on subjects connected with the business before them. The Committee are required to keep a full and fair record of all their proceedings.

Committee for Church Extension.

The Committee for Church Extension is appointed annually by the Board. It consists of *five* members, *two* ministers and *three* laymen. The Committee appoint their own Chairman, and Recording Secretary. This Committee meets monthly, on the *first Monday* in each month, at 4 o'clock, P. M., at the Missionary Office. Occasional meetings are also held, when the business requires them. All applications for aid in building houses of worship, or paying church debts, are submitted to this Committee. Appropriations for these objects are made by them, and paid on their order. This Committee also are required to keep a full and fair record of all their proceedings.

Meetings of the Board.

The Board meet *monthly* on the *second Monday* of each month, at *four o'clock, P. M.* at the Missionary Office. At each meeting of the Board, the minutes of the two Executive Committees, and of the Church Extension Committee for the month preceding are read, and all the transactions of these several committees are carefully reviewed and passed upon by the Board. At each meeting of the Board, the Corresponding Secretary is required to make from the books of the Treasurer, a written report, signed by the Treasurer, of the state of the treasury; the whole amount received during the month, the amount paid out, the amount then in the treasury, and the probable amount that will be required to meet the demands of the month next ensuing. These reports, which are official, are regularly filed. Thus, the Board at each meeting, from the minutes of their several committees, have a full report of all the transactions of the month, and by the monthly reports of the Treasurers, have before them all the receipts and expenditures, with the state of the funds.

All money for the purpose of the Board is received by the Treasurer, and deposited in bank, and no money is paid out but by authority of the Executive Committee, and by written order on the Treasurer, signed by the President of the Board, and endorsed by the Secretary.

PLAN BY WHICH PRESBYTERIES MAY BECOME AUXILIARY TO THE BOARD OF MISSIONS.

The Board of Missions is an ecclesiastical organization, and operates through the Presbyteries; its success, consequently, must depend essentially on the co-operation of the Presbyteries, and the efficiency of their aid. It is therefore recommended to each of the Presbyteries disposed to become auxiliary to the Board, that they appoint annually from their own body, an Executive Committee of Missions, which, on its organization, shall appoint a chairman, secretary, and treasurer.

It shall be the business of this Committee—

1. To select and recommend to the Executive Committee of the Board of Missions, missionary fields, and missionary labourers, and also to locate such missionaries as may be sent to them by the Board for special instruction.

2. To receive applications for aid from feeble congregations, within the bounds of the Presbytery, and to recommend the same to the Executive Committee of the Board of Missions, specifying in each case, the amount of aid which they deem indispensably necessary, to be afforded to the congregation.

3. To devise and execute plans for raising funds, or if there be an Agent of the Board within their limits, to co-operate with such Agent in collecting funds for the support of Missions from the several congregations within their bounds; which funds, if desired by the Committee, shall be paid into the hands of their treasurer, and be held subject to the orders of the Board, in such way as the Committee may direct.

It will be readily perceived, by the friends of the Board, that much will depend on the efficiency of these committees of Presbyteries. The success of the Board in obtaining suitable missionaries for distant places, must depend essentially on the official information they are enabled to give to those who apply for commissions. Missionaries will generally be found reluctant to take commissions to the fields of labour, of which they can obtain but little information as to their wants and prospects; and the information desired can be best furnished by the committees of Presbyteries.

It is therefore a matter of very great importance that these Corresponding Executive Committees be composed of active, efficient men, who feel interested in the cause, and have opportunities of becoming acquainted with the state of the churches, and the destitution within their bounds. That the members be located in the immediate vicinity of each other; that the number necessary for the transaction of business be small; and that a due proportion of each committee be composed of active laymen.

The Trustees above named shall hold their offices one year from the date of their incorporation, and until their successors are duly qualified to take their places, who shall be chosen by the aforesaid Board of Missions at such times, and in such way and manner, as shall be prescribed by the said General Assembly of the Presbyterian Church in the United States of America, provided not more than one third of the Trustees shall be removed in any one year.

The Trustees hereby incorporated, and their successors shall, subject to the direction of the said Board of Missions, have full power to manage the funds, and property committed to their care, in such manner as shall be most advantageous, not being contrary to law.

BEQUESTS.

The General Assembly which met in 1840, authorized their Board of Missions to apply to the Supreme Court of Pennsylvania for an act of incorporation; this application has been made, and a charter has been obtained, and the Board have now an incorporated Board of Trustees, entitled "The Trustees of the Board of Missions of the General Assembly of the Presbyterian Church in the United States of America." To this body, all legacies or bequests for the Board of Missions should now be given.

For the direction of any who may wish to make bequests to the Board of Missions, we subjoin the following form:

Form of a Devise or Bequest.

To the Trustees of the Board of Missions of the General Assembly of the Presbyterian Church in the United States of America, and to their successors and assigns, I give and bequeath the sum of ———, or I devise a certain message, and tract of land, &c., to be held by the said Trustees, and their successors for ever, to and for the uses, and under the direction of the said Board of Missions of the said General Assembly, according to the provisions of their charter.

☞ Persons making bequests to the Board of Missions are requested to be careful in adopting the above form.

NOTICE TO APPLICANTS FOR MISSIONARY AID.

Applications to the Board for *Missionary Appointments* and *pecuniary aid*, and also for the *re-appointment* of Missionaries, should always be made by the *Elders* of the church, through the *Corresponding Executive Committee* of the Presbytery to which the church applying for assistance belongs—accompanied with a recommendation, from said Committee, of the Missionary to be appointed, and a specification of the amount of aid indispensably necessary.

If there be no Corresponding Executive Committee in the Presbytery, the application must be fully sanctioned by two neighbouring ministers, connected with the Presbytery to which the church belongs.

☞ Applicants for Missionaries and Missionary aid, are requested to pay particular attention to the above notice, and also to the following resolution of the Board, passed May 3d, 1841:

Resolved, That churches and presbyteries making application for the appointment of Missionaries, be respectfully and earnestly requested, as far as practicable, in all cases to make the application promptly, so that it may not be necessary that the date of the commission should have a retrospective bearing. Compliance with this request by the Presbyteries, will be a very great convenience to the Board, and prevent much embarrassment to which they are at present subjected. It is also important, that the name of the Missionary to be appointed, and his post-office address, be given in full.

TO APPLICANTS FOR AID IN BUILDING HOUSES OF WORSHIP, OR IN THE PAYMENT OF CHURCH DEBTS.

Application to the Church Extension Committee for aid in building houses of worship or for the payment of church debts, should always be made by the Elders of the church, through the presbytery to which the church applying for aid belongs, or through a committee of the presbytery, appointed for that purpose; and such application should always be accompanied by a recommendation of the object by the presbytery or their committee, and a specification of the amount of aid indispensably necessary.

The appropriations of the Church Extension Committee are all made on the following condition, that, with the aid given by the Committee, the building shall be *entirely finished*, and *no debts left unpaid*; and when money is appropriated to aid in the payment of debts, it is always on the condition, that, with this aid, *the whole debt shall be paid*.

The appropriations of the Committee are paid, whenever the church to be aided can certify to the Committee that the terms of the appropriation are fully met.

All applications for missionary aid, or for aid from the Church Extension Fund, should be made to the Corresponding Secretary of the Board.

BOXES OF CLOTHING FOR MISSIONARIES.

For the information of those who may wish to furnish clothing, or other articles, for the comfort of our missionaries and their families, we publish the following :

Boxes of clothing, when sent directly to the Office of the Board, without any particular designation, will be forwarded to such missionaries as are known to be the most needy ; and the missionaries, to whom a box from any congregation or association is sent, will be requested to write to the donors, acknowledging the receipt.

In some instances, boxes of clothing are prepared for a particular missionary, and we are asked at the office to designate some missionary, and give particular information in regard to his circumstances, his family, &c. This information it is not always in our power to give ; and not unfrequently difficulties arise from selecting particular missionaries in that way. As a general rule, then, we would say, as the result of our own experience in this matter, that, if the donors have no special reasons for designating a particular missionary, the distribution of these boxes had better be left to the officers of the Board at the office. Our decided impression is, that a more equitable and judicious distribution will in this way be made, and the object of the benevolent donors be more completely gained.

DIRECTIONS FOR FORWARDING BOXES.

We ask particular attention to the following directions :

1. In every box that is sent, put a *list of all the articles*, with an estimated *value* of each article ; put on this same paper, the name of the individual, congregation, or association from whom the box comes ; also the address of the person to whom a letter of acknowledgment is to be sent. Let this paper be put in the box where it will readily be seen on the box being opened. A copy of this list, with a letter, should also be sent to the Office of the Board, in which letter information should be given of the time when the box was sent, and by what conveyance, and any other things connected with the donation, which it may be desirable should be known at the office.

2. The box should be fully and plainly marked, "*Mission Rooms, 265 Chestnut street, Philadelphia,*" and the place from which it comes should always appear on the outside. The articles should be carefully put up, in strong and tight boxes, well nailed, and secured against rough handling, on a long voyage.

3. It is important all boxes of clothing designed more especially for the west, should be at the office as early as the first of September, that they may reach their destination before the navigation closes.

THESE BOXES DISTRIBUTED GRATUITOUSLY.

Boxes of clothing form no part of a missionary's regular appropriation—the Board, therefore, need the same amount of funds to meet their engagements, as if no boxes were forwarded. It is very important this should not be overlooked. These boxes are of great value to our missionaries, and they need all that is sent to them, but we should be careful not to suffer these acts of kindness to lessen our pecuniary donations to the cause. The cause cannot admit of this without loss, and serious loss. Thus far, there has been no pecuniary loss, but rather a gain, by the interest which has been excited in the preparation of these boxes. We fondly hope it will continue to be so, and that the interest in this cause will continue to increase, until our whole land is supplied with the gospel privileges.

CONTENTS OF BOXES.

As to what is to be put into these boxes, we are willing to leave that matter to the judgment of our good ladies, who so well know what is wanted in a family. Scarcely any article in common use will come amiss. Knives and forks, spoons, scissors, thread, yarn, silk, needles, pins, tape, buttons, &c. &c., in addition to articles of substantial wearing apparel, will be thankfully received. Flannel, muslins, calicoes, &c., not made up, are very acceptable.

DONATIONS OF BOOKS,

Especially of Sabbath School and Congregational Libraries ; and also of Tracts for distribution among the people, are most thankfully received. Such donations are of great value to our missionaries.
